## PROFILE

I am an inquisitive college student with a talent in problem solving and an eye for detail. Enthusiastic about coding and thrilled to work towards something big.

## SKILLS

- Web Design
- Design Thinking
- Front End Coding
- Problem-Solving
- Computer Literacy
- Project Management Tools
- Strong Communication
- IT Experience

## EXPERIENCE / FREELANCE

### GAME DEVELOPER INTERNSHIP

Tatum Games

January 2021 - May 2021

Remotely assisted in the development of the team project, Mikros SDK and created the html framework for the program's website.

### WEB CONTENT MANAGER

Reversah

June 2021 - January 2022

Designed, developed, and managed a user-friendly website for a startup company selling their product. Integrated MailChimp systems and designed an accessible customer support page to track customer satisfaction and statistics on products purchased.

### CODING INSTRUCTOR

Code Ninjas

September 2021 - January 2022

Lead classes of "Ninjas" or students in learning basic game development using JavaScript and python. Created tasks and tested the students knowledge through challenges I created specifically for their improve
